

## Submit for FREE Listings in the Tank Container Depot Directory

*Bulk Transporter* is updating its directory of tank container depots to be published in the December issue and on [bulktransporter.com](http://bulktransporter.com). To qualify, a facility must at least offer storage for tank containers. If your company operates a tank container depot and you would like to be included in the directory, please fill out and return this form. There is no charge for the listing. Fill out a separate form for each facility operated.
