

Submit for FREE Listings in the Bulk Transload Directory

It is time to update *Bulk Transporter's* directory of North American bulk intermodal facilities that specialize in the transfer of bulk cargoes between tank trucks and rail or water modes of transport. It will be published in the December issue and on bulktransporter.com for easy access by bulk cargo shippers and transporters worldwide. There is no charge for the listing. Submit a separate form for each facility.

● **Facility information:** *(Listing that will appear in the directory):*

Company name (Indicate if a subsidiary)

Address

City/State/ZIP

Phone

FAX

● **GPS Coordinates:** We've added a new feature to make locating facilities easier. Use a GPS device to take a reading at the entrance to your facility near the roadway. (Navigation software uses streets to calculate directions). If you don't have access to a GPS device, you can find websites that will convert your address for you. (Search for "convert address to GPS"). Submit numbers in the "degrees decimal" format (not in "degrees, minutes, seconds"). For example: lat 29.728908°, lon -95.410924°
